ECO TIPS: Save Money and Energy

If you have an outside space, air drying your clothes not only saves energy and reduces your carbon footprint, but it also extends the life of your garments by being gentler on fabrics. Air drying can also help you save money on electricity bills and leaves your clothes smelling fresh and naturally scented. Embrace the eco-friendly way to dry your laundry and enjoy the benefits!

Women's Fellowship

This Tuesday, 6 October the Women's Fellowship will be meeting at St Mary's Church, Easebourne at 2pm. We will be having a Quiz with Odette Marshall. More details are available from Ann Harfield.
